Position: PwC X-Venturer – Innovative Leadership Programme

Location: Beijing, Shanghai, Guangzhou, Shenzhen

Line of Service: One Firm Services

Type of employment: Permanent - Full-time

About PwC X-Venturer – Innovative Leadership Programme

The PwC X-Venturer – Innovative Leadership Programme is the first offered in the professional services market. It is unique because X-Venturers will be able to learn how PwC provides solutions to our clients from different line of services and from there help encourage a holistic One-Firm approach. Therefore, you will have access to many teams and different people to allow you to flourish.

It is a two year programme where PwC X-Venturers will work on projects across at least 3 -4 business units/lines of services. As we look in to further developing your leadership skills and innovative mindset, we will also see how you can be in contact with more services that PwC provides by being a part of our Innovative projects aiming to bring transformation to our Firm.

Job description and responsibilities:

PwC X-Venturer members will support the peak seasons of Core Assurance and Tax to build foundational skills and attend qualifications related training. For other periods they will be assigned to work with other line of services to gain a diversified work experience based on their skillsets and preferences.

Reporting structure and key relationships:

Reporting to: Service lines Senior Manager / Manager

Requirements:

As PwC X-Venturers will be involving in projects across all lines of services; We are looking for a diverse range of graduates from Business, Science, Technology, Engineering and Mathematics disciplines, who can demonstrate a combination of:

- Influencing skills / leadership potential
- Intellectual rigour, flexibility and agility
- Commercial orientation
- Strong analytical, decision making and problem solving capabilities
- Innovative mindset
- Self-motivation and direction
- Energetic and drive
- Excellent teamwork and inter-personal skills
- A strong command of English and Putonghua/Cantonese

We offer comprehensive business and technical training, professional examination training support as well as an excellent environment for career development.
